PROUDLY MADE IN MELAKA

Established in 1995, NKH Door is one of Melaka's longest-standing wooden door manufacturers. For more than three decades, we have proudly supplied quality wooden doors to generations of homeowners and businesses throughout the state.

What began as a modest shop and small workshop in Ayer Leleh has since grown into a dedicated manufacturing facility in Bukit Rambai, enabling us to meet increasing demand while continuing our commitment to quality craftsmanship and dependable service.
